Dear Presidents of the FIPSeD member federations, dear Anglers,

Taking into account the serious health crisis that is still hitting in the whole world and being unable to determine how long this emergency that has led to several lockdown will continue, it is with great regret and against its will that FIPSeD is forced to postpone the Coarse Angling World Championships for Disabled, Veterans and Masters.

Therefore, we agreed with the Slovenian Federation for the following modification:

Disabled, Veterans and Masters Coarse Angling World Championship, scheduled in Slovenia on 4th and 5th June in Radece - Sava River – is shifted to 8th and 9th October 2021.

All other Championships scheduled after the date of June 15 are actually confirmed, but we reserve the possibility of future modifications, which might be needed for the pandemic developments.

We apologize for all the inconveniences, but the health of us all and the protection of more vulnerable persons must be our first priority.

Best regards.

Prof. Ugo Claudio Matteoli
FIPSeD President
